What is the Purpose of MUCFA:

- To assist and advise the DNRC on UCF program issues and concerns.
- To promote and encourage public awareness, education, and volunteerism
- To cultivate cooperation among agencies, groups, and individuals
- To advise the people of Montana and local, state, and federal officials on urban forestry issues and concerns
- Encourage and promote planting, maintenance, and management of trees in municipalities and counties within Montana according to industry standards
- Solicit funds for, and promote, association projects and activities

Montana Urban and Community Forestry Association (MUCFA) 2017 Membership

MUCFA is a volunteer organization whose vision is to provide “All Things Urban Forestry in Montana”. MUCFA is a non-profit 501(c)(3) organization that works closely with partners such as the U.S. Forest Service Urban and Community Forestry Program and the MT DNRC Urban and Community Forestry Program.

MUCFA’s mission is to encourage and promote the management, expansion, and improvement of community forest and community forest programs for the benefit of the people of Montana.

MUCFA provides programs and services to communities across Montana. MUCFA plays a vital roll in events such as the Northern Rockies Tree School, Tree Board Retreats and other tree trainings around the state.

MUCFA is a membership driven organization, and it encourages individuals, organizations, and communities across Montana to become a member and get involved.

Funding made possible
through the DNRC and USFS

Why Be a Member of MUCFA:

- ⇒ Be a part of the body that provides direction to the DNRC urban and community forestry program.
- ⇒ Connect with other tree people from around the state dealing with similar tree issues as you.
- ⇒ Membership discounts at training provided by MUCFA. MUCFA members will receive a 20% discount at all MUCFA functions.
- ⇒ Opportunity for grant funding when available.
- ⇒ Updates of what is happening around the state concerning urban forestry issues.
- ⇒ Awards; MUCFA will be giving away yearly awards to its members; Urban Tree Steward of the Year, Urban Tree Volunteer of the Year, Urban Forest Project of the Year, Tree Contractor of the Year, etc.

Who Should Be a Member:

Anyone interested in Urban Forestry; Private Arborist, City Arborist, Foresters, Tree Board leaders, Planners , Public works staff, citizens interested in the urban forest.

2016 Projects:

- * Better connecting with Montana communities concerning Urban Forestry.
- * MUCFA has collected urban forestry tree contracts from larger cities and has made available to smaller municipalities.
- * MUCFA is developing a media campaign that will promote; **Plant Trees, Trees have Value, Tree require Care.**
