Re: End of the year giving campaign.

Dear Tree Enthusiast,

2017 has been an amazing year for the Montana Urban and Community Forestry Association (MUCFA). In 2017, MUCFA did some astounding work in the name of trees in Montana: launched a grant program, a media campaign, an awards program, website, Facebook page, gave away free registrations to tree events, created and aired radio ads promoting trees, participated in Saluting Branches, sponsored tree worker training, aerial rescue training, Northern Rockies Tree School, AMTOPP, MNLA, and MTRPA conferences.

In 2017, MUCFA awarded five grants to promote and plant trees in Montana. With Federal and State funds becoming more and more scarce now more than ever is the time for individuals and the industry to step up. With your support, in 2018 more grants can be given to communities and companies doing tree work in Montana.

Would you consider making an end of the year tax **deductable** gift in support of MUCFA and the future of Trees in Montana?

Donate any amount on MUCFA's website <http://mucfa.com/get-involved> or send the enclosed form back.

Sincerely,

A handwritten signature in black ink, appearing to read "Fred Bicha". The signature is fluid and cursive, written over a light grey horizontal line.
